FUJUAN GROUP

A Certificated Edge Banding Enterprise!

SHANGHAI FUJUAN GROUP CO., LTD. is headquartered in the Fengjing Industrial Park, Jinshan District, Shanghai. We are a technologically advanced company specializing in the production and development of PVC, ABS, and PP edge banding as well as various customized profiles. Most of our raw and auxiliary materials are sourced from Germany, and we have adopted the industry's most advanced machinery and production processes, supported by an exceptional production team.

Our company has obtained ISO 9001:2015 Quality Management System and ISO 14001:2015 Environmental Management System certifications. Additionally, we implement the 6S management model, ensuring our operations are efficient and organized. Equipped with a comprehensive laboratory and experienced technical staff, we provide robust support for the quality and reliability of our products. Our business spans globally and includes partnerships with several well-known domestic enterprises.

We are committed to becoming the world's leading provider of environmentally friendly materials, delivering superior products and services. Our mission is to achieve the highest level of customer satisfaction, which remains our driving force and ultimate goal. We look forward to embarking on a new chapter together!
